

1. **Scheme No. : 8(3)**
2. **Name of the scheme : Mobile Food Processing for Fruit & Vegetable.**
3. **Objectives :** Fruit & Vegetable produce in the farm and production Centres are found to loss in large quantity during the production seasons. This is due to non-availability of ready processing facility at the production areas. The Mobile Food Processing for Fruit & Vegetable Unit proposed will help to a great extent for ready processing particularly in the hill areas. The cost of the project is Rs.12.00 lakh in the year 2006-07.

Fruits and vegetable processing occupies an important area in the food processing industries of the State. Fruit and vegetable are produced in large quantity in the hill areas of the State and are assessed to be wasted up to 40%. The Ministry of Food Processing Industries, Government of India introduces a new scheme entitled "Mobile Food Processing on wheel for fruit and vegetable" during the 9th Five Year Plan, 1997-2002 for the benefit of the farmers and check the wastage of fruits and vegetables in the country and increase export potentials. This scheme is quite suitable in the State and it will be the first of its kind to establish such a unit. This factory on wheel will be able to process the fruit and vegetable available in the interior parts of the hills economically at the site of the plantation. These semi-finished products will be transported to the factory and other parts of the country and increase income of the State. The project cost of the factory on wheel is estimated at Rs. 12.00 lakh.
